THE COLLECTIVE CAFE

is proud to be a part of the Nexus Project, an exciting and innovative approach to creating spaces that engage and benefit the local community. We want all of our spaces – co-work offices, event venues, and cafe – to be a place where people from the whole community can come together to work, to gather, to learn, and to play. We want to be a place where you can schedule business meetings, host large or small events with onsite catering, or catch up with a friend over coffee and a meal. BUT we want to be more than that. Our desire is to give back, to help our community thrive by donating to local charities whose founders reside here in Charlotte. A portion of the Nexus Project revenues and proceeds from the Collective Cafe white label coffees will support these organizations. When you become a Co-Work member or just drop by the cafe for breakfast and a latte, you can know that you are making a difference.
